AI Through Fun

Session 1 - Introduction

Let's Get to Know Each Other!

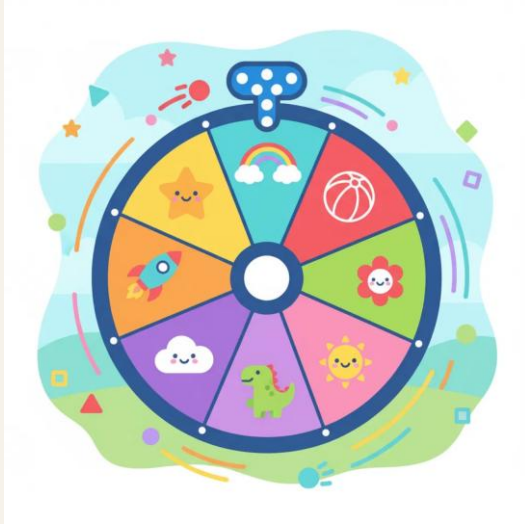

Name & Favorites Chain

- 1 Say your name
- 2 Share your favorite thing (ice cream, football, drawing, etc.)
- 3 Repeat the names of two friends before you!

Ask the Robot Anything!

Spin the Wheel Roleplay Game

- 1 We'll spin the wheel to pick a friend
- 2 That friend will be our 'AI'!
- 3 Ask our 'AI' friend questions!

What is AI? Your Smart Helper!

"AI is like a smart helper that learns from examples."

Learns

AI is Everywhere!

These are AI helpers you might already know!

YouTube

Suggests videos you might like!

Alexa

Answers your questions!

Face Filters

Makes funny faces with you!

Google Maps

Helps you find your way!

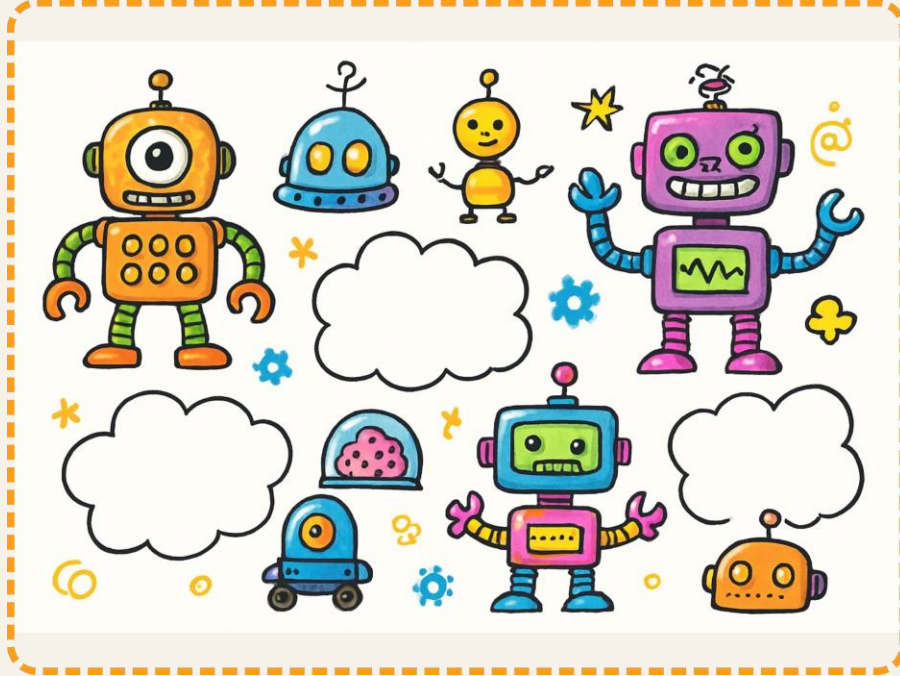

Robot Vacuum

Cleans all by itself!

Design Your Dream Robot!

Create Your Own Robot

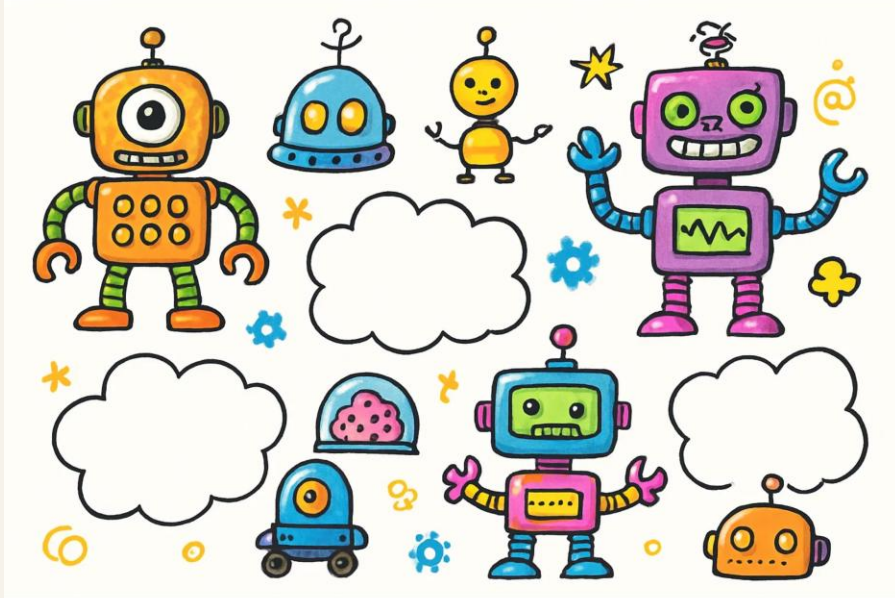

- 1 Think of a cool robot idea that can help you or do something fun!
- 2 We'll use Craiyon AI to draw your robot idea!

Robot Ideas:

- 🤖 A robot that helps with homework
- 🤖 A superhero robot with candy powers
- 🤖 A robot that can clean your room super fast
- 🤖 A robot friend who tells funny jokes

My Amazing Robot!

Show & Tell Time!

Time to share your robot creations
with everyone!

My robot
helps with
homework!

Mine has
candy
powers!

Quick Draw – Draw Quickly Before The Time Runs Out!

The AI must guess what you drew
